**Erection of additional production facilities buildings, fencing and storage building for a temporary period until 9th November 2026 to align with the temporary permission granted under application SDNP/21/04570/FUL. Installation of Geogrid parking bays to provide additional parking.**

Planning Officer – Lauren Cripps

Deadline for Comments – 30<sup>th</sup> May 2023

Singleton and Charlton Parish Council Comment – We have studied this application and associated documents and are pleased to add our support for this application. Our only suggestion would be to include some low level planting on the sides visible from the museum grounds, to reflect the kind of mixed native hedging that can be seen around many of the exhibits in the rural areas of the museum.
